CLASSIC RACING SCHOOL

THE WORLD'S FIRST HISTORIC RACING SCHOOL

INTRODUCTION

BE DRIVEN BY YOUR DREAMS

The most beautiful stories are intimately linked to the passion and dreams they arouse in us. It is from this passion for historic racing cars that the Classic Racing School was born.

Among the highlights that marked the history of motorsport, the Sixties are closely linked to the purity of design of the race cars of that time, making them unique and mythical pieces of art as well as being fast. An inspiring decade, where friendliness was the order of the day in the paddocks.

It is therefore as a tribute to this golden age of motorsports that we have founded Classic Racing School: the first historic racing school in the world. A unique concept to make you relive the sensations of legendary drivers such as Jackie Stewart or Jim Clark in an atmosphere specific to the sport of the time.

In addition to our leisure programmes, we also support our clients who wish to enter competition through our racing team developed in 2019. Specialising in single-seaters, and in particular historic Formula Fords, we offer a turnkey service, from the care and maintenance of the cars to their assistance and coaching in races.

The Classic Racing School team

THE SCHOOL

A TRIP BACK IN TIME

Who hasn't dreamed of travelling back to the 1960s, one of the greatest eras in motorsports? A day at the Classic Racing School will take you back in time so you can experience the same thrill behind the wheel as the legends who made motor racing famous.

Take these four-wheeled cigs, unassisted single-seaters produced by one of the oldest factories in operation. Pair them with one of Europe's most legendary racing circuits, Charade, the temple of F1 until 1972.

With an eye for detail in a 100% vintage atmosphere, we offer you an unforgettable day from the moment you arrive on site. Thanks to the personalised guidance of our team of professional instructors, you will not only enjoy a lot of time on the track, but you will also improve your driving technique as you go along, in complete autonomy behind the wheel.

Welcome to Classic Racing School.

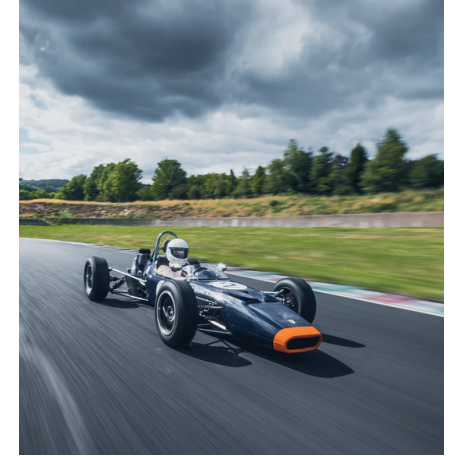

CROSSLÉ 90F

A PURE RACING CAR

Developed exclusively for the Classic Racing School, the Crosslé 90F is a re-edition of a 1969 single-seater. Entirely hand-built in Northern Ireland, the Crosslé 90F has been designed to offer unique performance and feel, whilst being suitable for all levels of driver.

Our 12 cars have been specially built by Crosslé, a Northern Irish manufacturer established in 1957 and which has produced some of the most competitive Formula Fords in motorsport history. Based on the original design of the Crosslé 16F that won the 1969 European Formula Ford Championship, the Crosslé 90F is versatile and accessible to drivers of all levels, while retaining the pure DNA of its racing origins, delivering the driving thrills of the 1960s.

CHARADE CIRCUIT

A MOUNTAIN CIRCUIT

Located in the heart of the Auvergne Volcanoes Park, a UNESCO World Heritage Site, this mythical circuit known for its glorious F1 past and its winding track is the home of the Classic Racing School.

Close to Clermont-Ferrand and with an original length of 8 km, this legendary circuit has retained all its charm since its creation in 1958, hosting 4 Formula 1 Grand Prix from 1965 to 1972. It was therefore an obvious choice for us to establish a home on this site steeped in history.

This long and twisty track, characteristic of a mountain circuit such as the Nürburgring or Spa, offers each of our drivers the pleasure of driving on a mythical playground. All this in a small group to make the most of it.

«The most beautiful circuit in the world.»

- Sir Stirling Moss

Unlike many other racing schools, we have chosen a demanding and technical circuit so that every driver can not only have fun on the track, but also learn and progress on one of the most beautiful circuits in Europe.

With a current length of 4 km, the Charade circuit is today one of the most appreciated tracks in France, but also the ideal place to learn how to drive a single-seater in a natural and historical setting.

OUR ATMOSPHERE

IN A SIXTIES DRIVER'S SHOES

Forget the modern world and dive into the universe of historic racing. Authentic driving, revisited by the Classic Racing School. Experience the 60's to the fullest.

It all starts in the changing rooms where everyone will find their own racing suit and equipment. In a vintage and refined spirit, you will put on your leather racing boots, your FIA-certified suit and your gloves. Helmet in hand, it's time to enter the cockpit and let the driver in you run free.

«You need great passion. Because everything you do with great pleasure, you do it well.»

- Fangio

EVERYTHING IS IN THE DETAILS

We have transformed the pits of the Charade circuit into a real living space. Our trackside lounge, directly inspired by the 1960s with its Chesterfield sofas, bar and vintage changing rooms, will be the place to be during your day. You can enjoy it between each of your driving sessions. Just like home, only better.

OUR RACING EXPERIENCES

WHATEVER YOUR LEVEL IS

Designed for those who not only want to improve their driving skills but also want to experience an immersive day out while having fun, all our driving programmes include professional coaching and attention to detail.

You will be accompanied by our professional instructors, including Pierre Sancinena (European GT4 champion, Alpine Europa Cup, LMP2), Stéphane Brunetti (winner of historic races in Formula Ford), Malivai Castelli, Vincent Beltoise, Romain Sarrazin (Blancpain GT3 driver) or Laurent Fradetel (two times French champion). All of them are proven drivers who are ready to teach you what they have learned during their careers as racing drivers..

- Pierre Sancinéna, Alpine and LMP2 driver

ALL-INCLUSIVE ASSISTANCE

Our trackside assistance includes a team of experienced mechanics who will ensure that your car is prepared to the best of its ability, as well as catering and logistical support to help you make the most of your meeting.

Constant attention to detail combined with first class customer service, for a turnkey package, so you can concentrate on what really matters: the race.

During the race weekend, take advantage of our hospitality facility: a mobile unit equipped with all the necessary facilities for drivers to relax, work and recharge between sessions.

OUR TEAM

A TEAM OF PASSIONATE PEOPLE

At the Classic Racing School, we are all united by the same passion: historic car racing.

Julien, founder of Classic Racing School, has always dreamed of driving his single-seaters from the past. Today, this is done with the first historical racing school in the world.

Accompanied by Victor (sales), Pierre (communication), Coraline and Léo (events), the whole team is present on the training days to offer you an experience that exceeds your expectations.

SPECIALISED MECHANICS

Our racing school and team wouldn't be what they are today without their crew of passionate and experienced mechanics.

Loïc, Stéphane, Théo and Lenny work permanently in our workshop to prepare and maintain all our single-seaters to the best of their ability. During your driving experience, they will be at your disposal to adjust the car and ensure you have unparalleled pleasure at the wheel.
